

NJ SHOULD be able to keep their stringent DO NOT CALL LIST. I am a property owner who pays heavy taxes and also pays income taxes and heavy insurance premiums. I should be able to control the amount of calls that come into my home. I DO NOT want to be bothered by telemarketers calling me all the time - I get enough phone calls as it is. I don't even order things off the TV from infomercials anymore because they keep me on the line trying to sell me more things than what I called in for. I like ordering off of the WEB b/c they just let me order what I want and not try to sell me anything more. I am a very busy lady and do not have time to answer sales phone calls nor do I want to be bothered by them. Thank you NJ for making this DO NOT CALL list stringent!! And don't you FCC break this. I have a right under the 1st amendment NOT to be hassled by these telemarketers!! I got caller ID to prevent these calls from being answered as I do not answer out of the area calls but just going to the phone takes time I don't have to waste!
